Development & Tech Work Experience

snapOR

Portland Code School • July 2015

For adventurous photographers and hiking enthusiasts who want to capture Oregon's gorgeous scenery, snapOR allows users to look through Oregon State Parks and see the photos that other hikers have taken there.

Skills: JavaScript, Jade, Sass, Backbone, jQuery, Express, Gulp, AJAX, Orchestrate.io, Node

snaporegon.herokuapp.com

Website Coordinator

Portland Code School • May 2015 - July 2015

Responsible for designing and creating a Squarespace site for Portland Code School; collaborated with key stakeholders to identify requirements and verify site design; migrated content from current site to Squarespace site

Social Media Strategist

Portland Code School • April 2015 - Present

Responsible for posting content to Portland Code School's Facebook & Twitter accounts; focused on creating a more involved presence in Portland's tech community, to connect our students and alumni with the greater tech community, and to use our social media as a platform to advocate for diversity in tech

Education

Portland Code School

Full-Stack JavaScript Immersion • May 2015 - July 2015

In this intensive, 3-month program, I have learned to build full-stack, JavaScript-based web apps. I've done pair and mob programming, as well as independent and group projects, to hone my development skills.

University of Central Florida

Bachelor of Science: Elementary Education • September 2011 - May 2013

Skills

JavaScript	HTML5	AJAX	Gulp	Perseverance
Jade	CSS & Sass	Express	Git/Github	Enthusiasm
jQuery	PostGreSQL	Node	Collaboration	Optimism
Backbone	Orchestrate.io	JSON	Communication

Additional Work Experience

Lead Teacher

Peninsula Children's Learning Center • August 2013 - May 2015

Collaborated with my co-teacher to create and implement curriculum for student cohort age 3-5; responsible for communication with parents, ranging from daily summaries to planning short- and long-term goals for their children's development and academic progress

Project Coordinator - Oregon's Quality Rating and Improvement System (QRIS)

Peninsula Children's Learning Center • February 2015 – May 2015

Set goals and created timeline to align Peninsula's licensing standards with Oregon state standards; collaborated with administrative team to obtain and create documentation of QRIS requirements.

Walt Disney Travel Company

Disney Reservation Center • August 2005 - June 2013

Collaborated with Guest in both sales and support capacities; communicated & engaged with Guests through phone conversations, LiveChat messaging, and Kana email services; support role included creative problem-solving and independent handling of challenges and escalations
